STAT

Mr. [redacted]

Dear Dan:

Reference is made to your letter of 21 May 1959 relative to residual test equipment. Thank you very much for your authority to retain these items for further use under other government contracts.

I believe that the easiest way to transfer these items would be to request bailment of the equipment to Air Force contract number AF33-(600) 36797 which is a high energy mono fuel evaluation program. The equipment would be used for motor study evaluations of high energy mono fuels. The symbol and buyer responsible for the above contract at AMC, Wright-Patterson AF Base, Dayton, Ohio is MCPMRA, Attn: [redacted]

STAT

In the event the equipment cannot be transferred directly to this contract, the Hughes Tool Company-Aircraft Division has a Master Bailment Agreement with the Air Force the number of which is AF33-(600) 818.

Thank you very much for your fine cooperation throughout the course of the contract and I hope we will have additional contacts in the future.
